

Business Opportunities with Tour Links

The impressive growth of Tour Links® putting greens around the world has amazed even us. We invite you to explore the possibilities available to join this growth.

With active dealers stretching to all corners of the globe servicing thousands of satisfied customers, as well many of the top club manufacturers, tour professionals, and major corporations discovering the versatility and quality of the Tour Links® Putting Green System, it's time to once again spread our wings and keep moving forward.

Tour Links® is offering four distinct business opportunities available to business folks and golf enthusiasts around the world. Each program comes with its own set of criteria and requirements in order to become involved with the fastest growing putting green company in the world. We are certain that if being involved in this exciting industry is for you, we have a program to fit your lifestyle, budget and time commitment.

Good luck and we look forward to having you join the Tour Links® family.

Retail Program

The Retail Program is reserved for those who operate an online store, catalogue, or a brick and mortar store and are excited about selling the Tour Links® pre-packaged green systems. These greens include the Standard Links Collection, The Professional Links Collection, The Designer Links Collection and Mini Links.

Each retailer will advertise the Tour Links® product on their site or in their store and abide by the rules and regulations of the Non Exclusive Retail Agreement including Minimum Advertised Pricing (MAP), regulations as well as branding requirements, etc. as outlined in the agreements.

The retailer is not required to hold inventory as Tour Links will drop ship for the retailer from our Ohio facility. We do encourage the retailer to maintain a level of inventory to realize lower pricing schedules but it is not necessary. We will be establishing a three tier pricing structure based on previous performances from year to year. The more you sell the better your price.

The retailer will collect all monies from the customers, is responsible for payment at time of shipment, and will handle all sales questions before and after the sale. The Retailer is the first voice the customer hears and should be the last.

Dealer Program

The Dealer program is reserved for those individuals who are in the business of selling and installing putting greens. Whether you are a professional putting green installer, hardscape specialist or landscaper this is the program for you.

The Dealer is expected to be the contact to the customer and respond to all their needs. Regardless if is for the sale of a Tour Links® pre-packaged green, or the design and installation of a customer's dream green utilizing the Tour Links® putting green system; the Dealer's job is to understand the customer's requirement and make the dream green a reality.

From backyard installations to indoor greens, roof top installations or professional teaching academies this is the realm of the Dealer; design to final payment collection is the Dealer's responsibility. Although Tour Links does not require the Dealer to hold inventory at the moment, we will be monitoring sales volumes of the dealers and will be establishing a three tier pricing structure based on previous performances from year to year. The more you sell the better your price. Tour Links will drop ship any pre-packaged green to the customer if so desired.

Each Dealer will be required to pass the Tour Links® on-line certification test in order to be allowed to purchase any bulk panels, accessories or turfs from Tour Links. The Dealer program is the heart and soul of our company and we are looking for skilled, motivated, friendly installers who are ready to enter into the next generation of putting green technology.

Sales Representative Program

Maybe you are a retired businessman with time on your hands or a stay at home mom, a professional golf instructor, a student or someone who owns a Tour Links® green and wants to spread the word and make attractive commissions along the way; if so this is the program for you.

You will be the new voice of Tour Links® on the street. The Sales Rep holds no inventory, collects no monies, handles no customer service calls, no installation calls and does no shipping; we do it all. Your job is simple; spread the word to your friends and neighbors on just how easy it is for them to improve their game in the privacy of their office or den, or to transform their backyard in to a putting oasis with a Designer Links green.

The arsenal of the Sales Rep is the entire Tour Links® pre-pack product line from the Standard Links Collection, Professional Links Collection and the Designer Green Series. If you find a customer who would like a custom installation, we will work to find an installer in the area and put the two of you in contact to orchestrate the sale. The commission structure for the custom green will be kept strictly between the Sales Rep and the installer.

Affiliate Program

If you are an online store, lifestyle web site, golf tip site, news site or an entertainment site for the general public, then we want you! Tour Links has created an online Affiliate program utilizing state of the art online affiliate software. We are ready to link your customers and network of followers to the world of Tour Links® and our on line shopping cart, and for you to start making commissions on every sale generated from your site's referrals.

Once approved we will provide all the information you need to start generating income simply by driving traffic to www.tourlinks.net

As you can see the programs are vast, the excitement high and the passion infectious. We look forward to the privilege of working with your and help to make your financial dreams a reality with Tour Links®.

Best Regards
